Generation Goat #14 – More Atari

Hey Everyone,

Here are some of the sites that Chris and I mentioned during the podcast:

The [Fuel/Friends Post](#) that first brought Cee-lo into our lives. (mp3 download there)

[Wikipedia Article](#) on She-Ra.

[Wikipedia Article](#) on Female Transformers.

Homepage for [Podcamp NH](#).

Pre-order Chris' [new book](#)!

The new Kevin Smith / Jason Mewes podcast: [Jay and Silent Bob Get Old](#).

[Funspot](#)!

And that's about all for this time. If these notes actually work out, then we'll likely put more interesting things here in the future. As always, you can find us at [Geek Force Five](#) and [Shh, Listen](#).
